## From the Chief Functionary's Desk

The past 40 glorious years of journey of RMKM towards community service would have not been possible without the support of well-wishers. As we move into another year of seeding lasting change in the lives of Children and Adults with Special Needs, children in distress, economically weak people, women, youth and elderly, here's a look at how you have helped us change the lives in the past year. It's our immense pleasure to present you our year long efforts in the form of Annual Report.

At the outset, I would like to thank our funders, partners and volunteers for their unsparing support and guidance in our mission to empower the deprived segments of society. I pay sincere regards on behalf of my staff, beneficiaries and governing body for their whole hearted devotion towards our endeavors.

2014-15 has been a productive year for us at RMKM. We have been tirelessly fortifying our focus on rehabilitation and mainstreaming of Children with Special Needs, rehabilitation of HIV affected youth, economical support to women and training to develop the human resource in the field of Special Education. This year has been a milestone for our Daksha Handicraft unit as we have developed our new website for online selling of Daksha products as well as the products are available on the e-commerce website and this way we take one more step forward in establishing it as an individual enterprise. The entire organization spent many hours brainstorming on our future growth. Finally, I would like to personally thank every single staff member and volunteer of RMKM who have worked selflessly and tirelessly to serve the children, women, youth and aged. I would also like to thank our Board Members for their continuing guidance and encouragement as we scale up our work plans and the impacts we expect to make in the next five years.

(Ms. Kshama R. Kaushik)  
Chief Functionary

**"Thank You"**

# Journey of Glorious 40 Years

## RMKM at a Glance

Rajasthan Mahila Kalyan Mandal Sanstha (RMKM) is a voluntary organization inspired by community development strategies of Mahatma Gandhi which strives to improve the lives of rural poor and disabled.

It all began in July 1975, when a devastating flood hit the holy city of Ajmer in Rajasthan. To provide relief to the distressed families, Mr. Sagar Mal Kaushik, railway employee came forward and assisted these families by mobilizing the relief materials (food grains, clothes etc) from his neighbors.

The journey of development begun by Mr. Kaushik and group continued its forward course in the new grab i.e. being in the form of RMKM, a registered, voluntary and non-profit organization. As the name of the organization suggests it emphasized its empathy with the most vulnerable social segment namely women. The organization per se began its development effort in 1987.

•RMKM works with the rural communities & disabled to rehabilitate them by enabling ownership over environment, institutions, and communication. RMKM takes a holistic approach to development. We engage the community in decision-making, planning, and implementation. These are the areas in which we work towards a more empower and equitable future:

•**Education, Inclusion & Rehabilitation of Children with Special Needs**

•**Health**

•**Livelihood Promotion and Micro-Credit**

•**Human Resource Development**

### **: Vision :**

**RMKM visualizes an aware and empowered society that is capable to initiate and manage development processes aimed at sustainable development.**

### **: Mission :**

**Empowerment of the deprived segments of society through capacity-building measures including awareness and skill building, proper interventions enhanced by applied research, all using the highest norms of social work, values, ethics and principles development.**

### **: Objective :**

**The prime objective of RMKM is to improve the overall standard of life of the underprivileged through the mobilization of all possible resources of education, health, and environment in a lively ecosystem.**

**Operational Area :** RMKM has focused its attentions primarily in Ajmer district, with some initiatives spilling into Pali district as well. The organization's operational area comprises 97 villages in four blocks of Ajmer district and Pali district. Apart from this, RMKM also works in the urban and peri-urban areas of Ajmer, Beawar and Kekri cities.

## Education, Inclusion & Rehabilitation

In its mission to support the Government of India's goal of 'Education for All', RMKM, since 1988, has addressed the needs of children with disabilities through special education, especially those with intellectual disabilities. RMKM believes that Inclusive Education is the best way for the development of both CWSN (Children With Special Needs) and Normal children.

The department also called the children's parents and instructed to get their kids to work. They also educated them about free education and asked them to send their children to school. The department also inspected different hotels and shops to check child labour in the region. "Hotel owners prohibited but that was insufficient," said police officer from Rajnagar police station.

Sources said the district administration planned a survey of child labour in the district last year but it was not implemented. ## Livelihood Promotion And Micro Credit

### Goat-Based livelihood Enhancement Program :

With the support of Jamshet Ji Tata Trust, Mumbai and technical help of The Goat trust, Lucknow Goat-Based livelihood Enhancement Program started from August 2012 in 5 villages of Silora Block. It successfully achieved its project goals during the period August 2012 to July 2014 and after this period it has sustained itself. The program is being implemented with the support of **Give India Foundation** as they helped in providing 13 goats to poor families this year. Few highlights of the program are as follows :

● **Pashu Sakhi (Animal Friend)** : Pashu Sakhi is the core essence of this program, who maintain a communication between rearers of goats and organization. With the help of The Goat trust, Lucknow we have trained Pashu Sakhis so they can understand about different body parts of goat, fodder, care taking, diseases and their treatment. We have provided a Treatment-Kit to all Pashu Sakhis.

● **Goat Rears Groups (GRG)**: Various GRG are formed and animal health camps are organized under this program.

### Micro- Finance Program :

RMKM is running a self help program for women to give strength to women socially and economically. There are 1870 women working in 170 self help groups in 35 villages from Shrinagar and Silora block. With the help of this saving amount they can get loan on low interest rate. We have connected self help groups on village level and created a Lakshmi Kalash Mahila Federation. These groups are linked with federation so for small loans they don't need to depend on bank. Meeting is organized every month and women are informed about different program to build their capacity.

### Community Based Saving Groups :

10 community based saving groups are created from 170 families. Before this program these families were not saving a single rupee, then they agree to save Rs. 10 per month and now they are saving at least Rs. 50-100 per month. Through this program they have realized the value of saving money and caste discrimination is also decreased.

### Mumal Handicraft Training Center :

Since 2005, RMKM has been training rural women in different handicrafts, particularly those items already popular among the artisans of Rajasthan. By supporting, training and involving women in the production of a range of traditional and fusion products, Mumal is able to contribute to both the social and economic empowerment of the women artisans.

## Human Resource Development

University, Ajmer for affiliation. In addition to this, the organization will conduct short term training course for people already working in education. These courses will help the teachers to understand disability and intervention in different disabilities.

### **Research Development :**

RMKM realizes the importance of research in fast tracking the processes of development as well as assessing future demand in the development sector. The organization therefore has set up its own research wing led by professionals to develop further their model for 'Reverse Inclusion' involving work in pedagogy, curriculum, impact assessment and setting the course for the next three years. The research wing has already done considerable work in fine-tuning the model, revising the existing curriculum and entire teaching methodology.

### **Early Intervention Centre / Sensory Training Centre :**
